RCB SMALL CAP VALUE FUND

Class N Shares Mutual Fund Report

About the Fund

The Fund seeks capital appreciation through investment in smaller U.S. corporations which are considered undervalued. The Fund invests in a diversified portfolio of equity securities of smaller U.S. corporations. Smaller corporations are defined for this purpose as companies with market capitalizations at the time of purchase in the range of \$50 million to \$5 billion.

Under normal circumstances, at least 80% of the Fund's net assets consists of these securities. The overall investment philosophy of the Fund involves a value-oriented focus on preservation of capital over the long-term and a "bottom-up" approach, analyzing companies on their individual characteristics, prospects and financial conditions.
